SPECULATORS PAUSE A LITTLE To Review the Situation in Western Trunk Line Freight Rates.

New York, June 2 .- The speculation in securities today showed a disposi-tion to pause and take stock of the situation created by the injunction against advancing western trunk line freight rates. There seemed to be a consciousness developed that the headlong rate at which the damage feared from this action was being discounted might have in it a quality of heedlessness. The question arose in the mind of eager sellers of stocks whether they wish not have a criticing. might not be sacrificing their own holdings and at the same time playordings and at the same time playing into the hands of other speculators over whom they were seeking to obtain advantage. The new measure inaugurated by the department of justice remained the central topic of discussion, but that discussion showed a groping tack of clear conception of the preper significance to attach to the matter. significance to attach to the matter. On the part of stock market oper-ators and, to some extent, of railroad officials, there is heard some criticism of the western trunk line committee for the methods they pursued in seeking the rate advances which have been enjoined. The fact that one agent was used by all the rallroads in filing notices of the advance is cited as almost a challenge to the everyment surface. a challenge to the government authori-ties to test the prohibition of rate agreements in the anti-trust law. It is supposed that the advocacy of an amendment to authorize agreements by the administration emboldened the railroads to attempt this test of the question. Meantime the rejection in congress of the proposed authorization of railroad agreements on rates left it practically mandatory on the law officers to take up the challenge. There officers to take up the challenge. There is a conviction amongst railroad men that the law requiring the filing of rates which it is held must be unform, in the nature of the case, and the law against agreement on rates, are conflicting and irreconciliable. If the present action shall result in receiving the anomaly, it will be welcomed by the railroads.

There is the further criticism of the western trunk line committee that its

There is the further criticism of the western trunk line committee that its action was precipitated and designed to forestall the provisions of the pending railroad bill for the reference of rate charges to the commerce court. The purpose to prevent an evasion of the requirements of the new law is suggested as a motive for the attorney general's action as much to contest the advance in rates as such. Of the con-sequences which are feared there was sequences which are feared there was evidence in the apprehension expressed by fren and steel trade organs of a check to demand from the railroads for equipment and material. A report was in circulation that the New York Central had asked for the cancellation of an order for new freight cars said to amount to between five and six millions of deliars. There were rumors also of preposed heavy reduction of working forces by the railroads. The

tributed to fears for the integrity of the dividend without higher charges for transportation.

The tone of the money market was distinctly easier, the injudation in the stock market and the reduction in the official discount rate of the Bank of England both conducing to that result.

The stock market closed but little changed from yesterday's closing prices, the early losses having been practically made up.

Bonds were irregular. Total sales, par value, \$1.330,000. United States bonds were unchanged on call.

WEST ENDS BATTING AVERAGES. FALLS BATTING AVERAGES.

Bridgeport High May Withdraw. As a result of an adverse decision rendered the Bridgeport High school baseball team Saturday by the directors of the Connecticut Interschelastic league at New Haven, it is very likely that the Bridgeport team will drop out of the league and play independent ball for the rest of the season says the Bridgeport Telegram. No official action has yet been taken, as a meeting of the athletic association must first be called to consider the matter.

The batting of Foley, Brooks' work on first, and the fielding of Donohue and Dougherty was of the top-notch order. Next week the Mohicans play Montville, and with Rist and Riordan in the lineup something will be doing. Manager Larkie has arranged games with the Wholesalers, Cannonicalls of New London, and with Fort Wright. For July in the meet Branford in the afternoon, and a fine trip is looked for. "NO FAKE," SAYS RICKARD. Will Stop Big Fight at First Signs of a Frameup.

San Francisco, June 2.—Jack Johnson could not overcome his desire to give his new 30 horse power automobile a thorough tryout today, and as a result no work was done at his training quarters on the ocean beach. Johnson and his manager George Little

so prearranged that Jeffries would win Governor Gillett said he never made such an assertion.

"There is not a word of truth in any assertion that the fight is a frame-up," said Tex Rickard. "H I notice the sign of a fake I will step in and stop the fight. The spectators will be returned their money, dollar for dollar. I am not looking for anything of this kind, but I am prepared to take action if I see reason for doing so."

> New Haven, Conn., June 2.—At the Lighthouse Point bicycle track tonight the ten mile motor paced race was won by Carlo Vanoni of Italy, with John Bedel second. Halsted, the third entrant, was obliged to drop out after the second mile on account of a punctured tire. Vanoni's time was 15 minutes 32 4-5 seconds. The half mile handleap was won by Root with a 30 yards' handleap in 55 seconds. The one mile national championship was won by Fred Hill of Boston, with Krammer second. This was the second of mer second. This was the second of the series to be run on the tracks of the circuit, the first having been run off at Vallsburg Wednesday night.

WHEN BATTING SLUMPS COME. Sometimes the Rest Cure Needed-Others Need More Practise.

When an individual player or almost When an individual player or almost an entire team, or a very important squadron of an entire team, fails to bat within 150 points of his or its real form for a period of a month or two, the catastrophe is known to players and followers of the game as "not hittin." It means that the team or a part of that team, or at least an important individual integer of the team, is hitting so far below its average that its deterency is marked and hurtful to the team.

With baseball players it would be best cure for poor hitting would be practice, more practice and then more practice. As a matter of fact, this is the curriculum employed. When a batter falls off in hitting he resorts to practice and practice, and then practice. The same thing applies to performers in all other lines of sport. When they are stale and off their games, and not doing well, they practice and practice, still keep on practicing.

Run to Hartford and Back.

Samuel Johnson, the New York and New London runner, is going to run from New London to Hartford and back and he is going to make it in 24 hours or less—mostly less. The distance via Colchester is 104 miles.

Johnson will make the attempt next Tuesday morning leaving at 4 o'ciock.

He will be paced by Harry McLaughlin on a bicycle. Johnson expects to reach Hartford by I o'clock, remain there leng enough to freshen up a bit and start on his return.
